Medical Director ORLAU

**Mr Robert Freeman**  
Orthopaedic Surgeon

**Dr Caroline Stewart**  
Clinical Engineer

**Dr Neil Postans**  
Clinical Engineer

**Sarah Jarvis**  
Physiotherapist

**Julie Reay**  
Physiotherapist

## Registration fee

**£350**

(includes lunches and refreshments)

## Course

*This course will provide a unique insight into why we walk the way we do. It will provide a mixture of lectures, practical workshops and patient case studies in small groups to help the delegates understand and interpret both 2-D video vector analysis and 3-D gait analysis. A multi-disciplinary approach will give participants an awareness of how gait analysis can then guide our management of mobility problems to improve patient outcomes.*

## Venue

Conference Centre, The Robert Jones and Agnes Hunt Orthopaedic Hospital NHS Foundation Trust Oswestry, Shropshire SY10 7AG.

## Target Audience

Orthopaedic Consultants and Senior Trainees, Rehabilitation Doctors, Physiotherapists, Orthotists, Clinical Scientists and other Allied Healthcare Professionals with an interest in gait.

## Faculty

Staff from ORLAU, Keele and Salford Universities who have significant experience in teaching gait both nationally and internationally.

## ORLAU

Orthotic Research & Locomotor  
Assessment Unit
